The Case for a Creator: God and Science

Speaker: Eric Zhang

Have you found yourself in science class at school wondering how your Christian faith fits with the science in a textbook? Did you know that there are many scientific experts who have dedicated their life's work to research, and yet still believe in a Creator? In this workshop, Eric will lead an investigative inquiry -- one part evidence and one part personal testimony -- as to the visible and invisible ways God has left his fingerprints all over His creation. Outrageous questions welcome.

Real Talk

Speaker: Becca Cha

Have you ever felt like the things people like to talk about at church might seem nice and even "right", but aren't always quite relevant to your everyday life? Join Becca Cha as she tackles topics like healthy relationships, emotional boundaries, and how to navigate peer pressure...in a way that's unapologetic and nuanced and, most importantly, based in Scripture.

The Book of Jude

Speaker: Miguel Rodriguez

Ever played the game 'Read around the room'? During this workshop we will put a Biblical spin on this game as we unpack the book of Jude within the New Testament. Come prepared to cover this entire book of the Bible and leave with a deeper understanding of what God is saying to his people. You **MUST BRING YOUR BIBLE** in order to keep up with the game. Most of all come and engage with others during this time of fun and worship

In what ways has God given you a heart of flesh or made you a new creation?

Are there any areas of your life where you feel like you still have a heart of stone or feel like you're still operating in the "Old way"?
